Nature Park Fichtelgebirge - Castle Brand  
DLFF-0058 + DL-03147

*Originally we planned for that date a rare DLFF-activation. Contest-activities and the unsecure weather forecast finally kept us off this plan. When saturday morning appeared on my location however, it looked dry and so finally decided to drive to a castle in the nearer environment.*

Castle Brand is located in nature-park Fichtelgebirge about 20 kilometer away from my home-location. This time I tried again another QTH which was a bit above the village in a wooden-area.

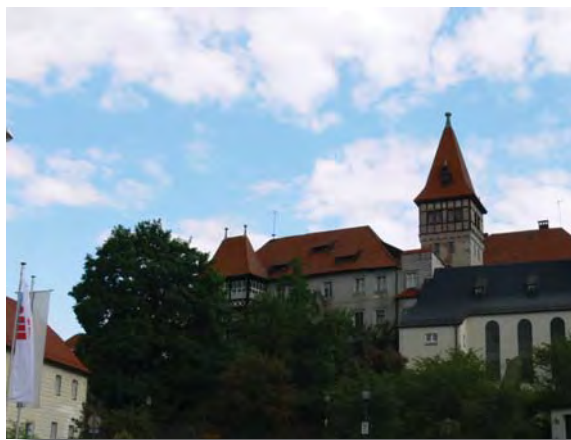

Indeed contest-activities took a lot of space on the usual bands and I had to move very often the frequency.

As the oceania-DX-contest was in phone mainly preferred the CW-portions of the

bands. A few openings on short distance this time allowed a bit more contacts with the closer countries.

Altogether 277 contacts made it into the log.  
150 in CW and 127 in phone.

35 countries were reached with the top 5 going to:  
1.italy (42), 2.germany (34), 3.poland (33), 4.france (25), 5.England (18). Thank you for calling and cuagn soon.
