In the early spring-time all weekends are occupied with big contest-events. So had the plan to go on friday for a DLFF-new one (also WCA). So used thursday evening for a last equipment-check in the city of Arzberg.

Started on a nearby small pond at 1520 UTC with IU6OUQ. Conditions were poor and after 40 minutes and 30 contacts it dropped down absolutely. Tried a bit on the other bands but nothing. The only mode which kept me a bit in business was 40 CW which saved

my day a bit. In total 157 contacts with 146 stations in the log. 91 in CW and 66 in SSB.

Got only 26 countries in the log. Nr. 1 Italy (29), 2. Germany (22), 3. Ukraine (16), 4. England and Russia (11), 5. France (10). Activity ended at 1720 with G4PNF as last station and almost dark outside.

Thanks for calling in and cu soon on the bands.
