Naturpark Steinwald DLFF-0119
Schloss Waldershof DL-02830

Another sunny sunday brought me to the castle Waldershof. About 25km from my home-location there was the plan to go to the outer area in direction to Walbenreuth. However also there the area was very much populated by a lot of people, enjoying the sunny weather and walking or biking along the road. Had a lot of interesting conversations from the one road-side to the other within acceptable distance and quite interesting for them what I am doing. Started at 1355

with IW4EII and ended at 1610 with SV2SOQ. Beside 20, 40 and 80mtrs had also a nice opening on 30 mtrs. In total 193 contacts were made with 182 unique stations.

97 in CW and 96 in SSB.

Got 34 countries in the log. Nr. 1 Italy (30), 2. ,Germany (20), 3. Poland (17), 4. Russia (16), 5. Ukraine (15). 5 times USA and 2 times Canada.

Thanks for calling in and cu soon on the bands.
