DP44WCA

Schlössl DL-04946 - Naturepark Steinwald DLFF-0119

About one week after the valid period from our new special-licence DP44WCA started, it was still cold but weather a bit sunny, so anyhow with 5 degrees around you could survive in the car. So first test was on a closer location, the small village Schlössl with the reference inside with the same name. Made in the past several antenna-tests also from here as there is a nice free meadow-area just about 200 meters above the small village with a free offset to all directions.

Event took in total 2,5 hours before the feet were getting too cold. This time took the three-band windom-antenna with good results.

Reached altogether 216 contacts with 199 unique stations. 27 contacts on 80meter, 169 on 40, 12 on 30 and 8 on 20 meters.

In CW 44 QSO, in SSB 172.
Worked 32 DXCC-countries

This activity showed that the propagation meanwhile is a bit improving compared with one week before.

Top-three countries were Italy with 44 contacts followed by Germany (30) and Poland (24).
This special-call has also a special DOK: 44WCA

So additionally to probably WWFF and WCA-counter we can hand out to you also a rare DOK for the german DLD-award.

Thanks for the QSOs and cuagn, don't send a QSL yourself, you will get ours automatically !!
