Castle Hohenberg DL-03142

This day came a bit earlier at the destination. Hohenberg is closer to my home-location and finished work a bit earlier. So first contact with OM1AX at 1507 UTC.

Then had a good first hour on 40 meters with a lot of stations. Later moved to 20 meters, also there an excellent short-skip-propagation.

Also japan and USA made it into the log which had in total 33 different DXCC-countries inside.

In 2,5 hours of operation-time 281 contacts were done with 252 unique stations.

36 contacts in CW and 245 in SSB.

Top 5 countries:

1. Germany (66)
2. Italy (38)
3. Poland (36)
4. Spain (15)
5. England (14)

With this second activity the QSO-score for this WWFF-area could be raised to 569 contacts with 454 unique hunters.

Thanks for calling in and cuagn soon.
